

Ahmed Ehab

Front-End Developer

[Email](#) | [LinkedIn](#) | [GitHub](#) | [+201156588545](#) | Giza, Egypt

ABOUT ME

Dedicated front-end developer in building responsive and user-friendly web applications. Proficient in React, with a strong foundation in accessibility and performance optimization. Skilled in translating wireframes into functional and visually appealing interfaces. Seeking a challenging role to leverage my technical expertise and contribute to innovative projects.

EDUCATION

Bachelor of computer science 2025
Akhbar Elyom Academy
Excellent with Honors
Top of my class

PROJECTS

Graduation Project (Mentally)

[Live](#) - [Code](#)

- Interactive web-based platform designed to provide continuous mental health support using advanced Artificial Intelligence technologies.
- Developed using Next.js with Tailwind CSS and worked with OpenAI to analyze data.
- Supports English and Arabic.

Foodies

- Blog to share your recipes with the world.
- Used AWS S3 buckets with better sqlite3 to save and acquire data.

Query Events

- Handled fetching, caching and updating server state using react query library (Tanstack Query).

Router Events

- Created multiple pages using React Router.
- Work with tokens to handle authentication.

Redux Book Store

- Manage state around the project using redux store (Redux Toolkit).
- Worked with Fire Base to save data.

Place Picker

[Live](#) - [Code](#)

- Pick places that you wish to visit from a list of places from all over the world arranged according to your current location using the navigator object.

Projects Manager

[Live](#) - [Code](#)

- Advanced Todo app where you create projects and add tasks to each project.
- Save data in the local storage.

Food Shop

- An e-commerce application for ordering food.
- Created a custom hook to manage fetching data from backend and handle errors.

Quiz app | React

[Live](#) - [Code](#)

Tic Tac Toe | React

[Live](#) - [Code](#)

Investment Calculator | React

Memory Game | JavaScript

[Live](#) - [Code](#)

Typing Speed Game | JavaScript

[Live](#) - [Code](#)

TECHNICAL SKILLS

- | | | |
|----------------|--------------|------------------|
| • React | • Tailwind | • Typescript |
| • Next.js | • Algorithms | • Data Structure |
| • Git & GitHub | | |
